TESTIMONIALS

*As a construction manager specialized in high-end themes, I was immediately convinced by Cover Styl'.
For the Club Med Group, Cover Styl' is the perfect solution providing an innovative substitute for various carpentry work on doors, design elements and furniture.
This technical solution has a twofold advantage: the implementation and speed require less time than a standard and known renovation. On top, this product offers designers a greater choice than conventional products.
A very satisfying experience!*

Frédéric DAVI - Deputy Director of constructions zone Europe Africa

*During the renovation of our Novotel, we decided to redo our Bar Lounge and Spa.
I've been pleasantly surprised by the reactivity and the advices provided by the Cover Styl' team. The solution/product itself is simply amazing! The big potential is simply amazing, especially when considering that the installation support were not simple flat surfaces.
Cover Styl' saved us a lot of time and allot of money!
That's why I strongly recommend using this product for Hotels, its price/performance ratio is incontestable!*

Dominique GRANDJONC - General Manager Novotel Roissy CDG

*For the renovation job, the utilization of an adhesive solution naturally came up, and this in order to get an astonishing result in short time.
Moldings, frames, partitions have been fully recovered with this magical film, that gives a genuine feeling of a real wood effect.
Thank you all for this job!*

Hubert MOURCELY - Construction Manager

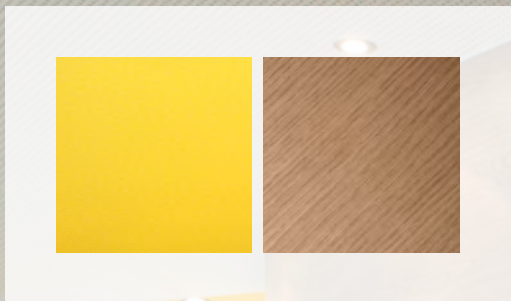

*This solution differs from traditional renovation.
In a few words Cover Styl' fully meets, even more, our expectations in long-term renovation.
We have renovated more than 190 rooms in a very short time and we recommend this highly innovative solution for its speedy application and resistance. It has also a very competitive price which makes it unbeatable.*

Denys ROYER - Club Med Consultant

*195 rooms seemed to be obsolete and Cover Styl' allowed us to put them at the same level without changing the whole furniture.
In fact, Cover Styl' has been able to provide a similar color of wood and uniformity of the red as needed.
This choice allowed us to avoid the demolition of existing furniture and simplified the construction of the working environment in a very short time.
The flexibility, the speed and the cost of Cover Styl' allowed the renovations of the elements without replacing them. For this reason, we were also able to treat certain furniture and elevators which were initially not included in the project.*
